REPORTS

A document cited in this publication is considered a "report" when it carries a unique identifying number (e.g., ANL-3130, BNL-4000, DP-150, etc.) as the first element of the citation. Usually, one or more of the following abbreviations will appear at or near the end of the citation, indicating the organization from which the document is available. If none of these abbreviations appears, the report should be requested from either the cited publisher or corporate source.

GPO	Available from the Superintendent of Documents, U. S. Government Printing Office, Washington, DC 20402.
GPO Dep.	Available for inspection or interlibrary loan at GPO depository libraries. Unlimited DOE reports are being sent to the GPO depository libraries. See inside back cover for list of the libraries. These reports are identified by report number, Supt. of Docs. Class Number (E 1.99:) and OSTI accession/order number, e.g., DE89003384.
INIS	Available only in microfiche form. Orders and requests for information should be sent to: INIS Clearinghouse, International Atomic Energy Agency, P. O. Box 100, A-1400 Vienna, Austria.
NTIS	For sale to the public by the National Technical Information Service (NTIS). Reports available from NTIS should be ordered from National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161. Paper copy (PC) and other price codes are for domestic sales only; prices for foreign sales are, in most cases, twice the domestic price. The microfiche price code, MF A01, applies to both foreign and domestic sales.
OSTI	Available to DOE and DOE contractors from the Office of Scientific and Technical Information (OSTI), U. S. Department of Energy, P. O. Box 62, Oak Ridge, TN 37831. For information on deposit accounts or prices, contact Information Services, (615)576-8401, FTS 626-8401.

FEDERAL DEPOSITORY LIBRARY PROGRAM

As a result of an agreement between the U. S. Government Printing Office (GPO) and the Department of Energy, beginning in 1984 DOE reports with unlimited distribution are now included in the Federal Depository Library Program. The Regional Depository Libraries listed below receive and retain at least one copy of nearly every Federal Government publication, either in printed or microfilm form, for use by the general public. These libraries provide reference services and interlibrary loans; however, they are *not* sales outlets. You may wish to ask your local library to contact a Regional Depository to help you locate specific publications, or you may contact the Regional Depository yourself. Do not send checks or orders to these libraries.
